But in the end ... I think you are right.

Your condition is painful ... but you have to consider it as an advantage!

And it's gravity that makes it difficult to pass from a position to another! Without it ...

All the choreography becomes feasible!

You can say that this fever, this sensation of light, is what ballet is looking for since it was created!

In other words, you are free from gravity ...

I must be right, if I say that the fever is making you feel like you float on the air ...

Do you know
what you
just said?
Everybody is
thinking the
flower made
you crazy ...

"I was never in a
better condition
to dance"

Let's go
Saburo!

All the dancers
must go in the

Jack, don't you think that there's something weird with the Gamets?

Look! Just now!

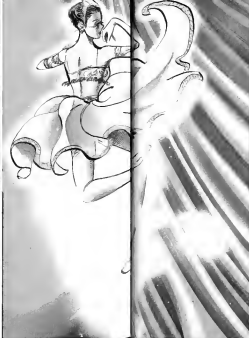

There are moments when I feel like...

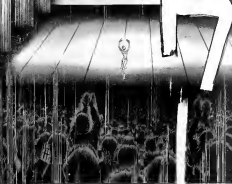

This looks like what we can see with male dancers... The one with a lot of physical strength and speed... The time they spend in the air is so long that they seem like they are floating...

But...

It's the first time I've seen this in a slow dance like this one!

She seems to be frozen in the air...

The time her feet touches the ground is incredibly short!

It's a dance

the beauty in
the physical
world

Listen to what
I'm telling you!
The basis of
contemporary
dance is the
physic... the
body!

But for the
contemporary varia-
tion, this
lightness will
be useless.
She would
need power
and strength
to be able to
express the
matter!

If this girl was
able to captivate
the audience like
she did a while
ago, it was all
due to her fever,
because she
needed lightness
to express the
"dream like
vision" from the
classical point of
view!

She is right

Since the end
of her perfor-
mance, she
didn't have
the strength
to get back
here! So don't
worry!

We still

chance to
win!

she's really

I never think I'll be able to justify this...

Now, I don't know why, but it feels heavy.

When the police stop, I'll try to make it look like I lost it.

Up until now... I was feeling light... I was like "floating"

It made me think that I would be able to do it... but...

CHANGE YOUR MIND

But I can't stand

CHANGE YOUR MIND

I don't know why but... I have the impression that she will suffer all her life because of her performances...

Well, that's what will happen to this girl until she dies.

All that

In the classical variation...

She showed us a dance

In the contemporary

the power she could

I'm wondering

dances!

And all that

incredible!

Subana, because of you... or thanks to you... this competition isn't a normal competition anymore!

Finally this is becoming really interesting!

Without that, I won't be able to win against you!

We have to please the audience now! We are now doing what the professional are doing when they are on stage! I have to dance with that on my mind now!

Our goal now isn't to show how good we are to follow the choreography anymore.

It's probably the fever that made her think she could do it.

Rather, I think she didn't believe in what she said...

I don't know if she really thought so when she said it....

But, at the same time, it was with these words that all began.

I don't know she did it, but she managed to forget her limits! And that's how...

She was able to reach such a level!

to dance
...

It's because that
competition
wasn't really
one!
It was more like
a fight, a real
one!

I will tell you
why you were
able to have
fun at Leu-
sanne

All the spec-
tators
...
They paid
their tickets
hoping to get
some fun
during that
night

In
other
words
...
You
acted
like a pro-
fessional
!

And you
Sabara
...
You were the
only one
really doing it
!

But of course.
It's a little
troupe not
comparable to
the "Royal"

11.11.11

I know one
...
in New York

In fact, it's
a troupe
that gather
the "lost"
people like
her

11.11.11

But it was
that troupe
that took in
Marie Claude
10 years ago
in Europe to
give her an-
other chance

11.11.11

And I'm here to
"take you in"
Subaru Miy-
naka

1

And I am
Zack
Jasper, the
director of
that
troupe!

What
are
you
trying
to
tell
me?

I'm
gunning
you
won't
last a
week
!

And because
they were
happy watching
you dance, you
had fun.
Now tell me:
now that you
tested this sen-
sation, will you
return in a
room to con-
tinue training?

If I had the op-
portunity, I'd
join a profes-
sional ballet
troupe right
now, but is
there one that
would make a
schoolgirl
dance?

Do you know
how many
people is
dreaming about
the scholarship
I obtained? In
respect for
them I have to
use it!

You have to decide now... to come with me !

And you can't imagine that.

The Subaru night now will be the same in five years or three or even one year !

Life is short !

I'm sure he's trying to fool me !

This is shady! He's lying!

I didn't even want to be a bullet school !

It can't be possible !

Becoming a professional, now!

or close
ing it
...
well,
letting it
go

I think
she's
trying to
sell the
"Pales
Gamer"
in secret

The
boss
...
